

COVID-19 – Deep UV Cabinet

- Our presentation program is a video with the introduction of our group members and showing the process work of the project. We plan that the video will be around 10 min long.
- Next, we will present our research, we will ask the client's opinion of what he thinks would be a result. Further, we deliver results and discuss them. The presentation of research will take around 15 min, discussion of results, and answering the question another 10-15 min.
- The last part of the symposium will be a quiz.

The future
is here
