

# Smart Solutions

Semester

Want to learn new things about sustainability?

We would like to invite you to our symposium which will be taking place on Thursday January 7th from 13:00 till 16:00. The schedule is added as an appendix.

Why do you want to be at the symposium? We will be telling you all about sustainability, recycling and clean water. In addition, Michiel Westerhoff and Harry Futselaar will be introduced as guest speakers and introducing you into the topics "Clean water" and "Recycling". And you can, so to speak, walk past our stalls to find out all about the projects. In short, this is something you don't want to miss.

To join, simply open the Excel file, and join the "Introduction" meeting!

We look forward to seeing you!

Kind regards,  
Organization Symposium

Simon Borninkhof  
Bastian Beukers  
Britt Slaghekke  
Marijke de Heer  
Sergey Shvydenko  
Mara Geverink

The future  
is here
